PERFORMANCE FOR YOUR TRIPS

Performance lets you go further.
Lets you stay a little longer.

With a Pilote, performance is not measured
by speed, but by what becomes possible.

When you control the road,
when comfort endures,
when technology endures over time,
then choices expand.

You'll never see the
weather the same way.

You'll never wait for the right season.
You'll never shorten your trip again.
You'll get more out of it.

Spring comes earlier.
Autumn stretches out.
Travel further without
even noticing it.
